SRIKANDI Mixed Marriage is a non-profit organisation that has a vision and mission to be a forum for the community of Indonesian women who are or were married to foreigners, in order for us to help each other, support and share experiences.

Srikandi was founded on October 10th 2000, and in the year 2002, Srikandi with other similar organisations formed Aliansi Pelangi Antar Bangsa (APAB) and together we have been fighting to change the law of citizenship for the benefit of mixed marriage families.

Dual citizenship is recognised or tolerated in more than 130 countries, including Vietnam, Thailand, Cambodia, the Philippines and Australia.

However, in Indonesia, dual citizenship is still very much restricted. According to Law No. 12/2006 on Citizenship, dual citizenship can only be granted for children who de facto have dual citizenship because they are the product of a mixed marriage or were born in a country that grants birthright citizenship (such as the United States). Moreover, such children are required by law to choose a single nationality after reaching the age of 18.

In the effort to support the program of Dual Citizenship for Mixed Marriage Families as well as to help some orphanages, Srikandi is organising a Charity Fashion Show on March 26th 2022 at Caspar Restaurant, Jalan Jend. Sudirman Jakarta, from 2 pm until 5 pm.

This event is aiming to get donations that will be distributed for orphanages in Mataram, Jember and Sekar Paramita Free School in Jakarta, as well as for Aliansi Pelangi Antar Bangsa (APAB), in order to support the research for Dual Citizenship for Mixed Marriage families and for Srikandi to support its social activities.

The Charity Fashion Show with Srikandi is organised fully by Srikandi's committees. The Designers as well as the models are all Srikandi members. We give what we have to help the unfortunate children and to fight for our rights as mixed marriage families in Indonesia. Therefore, we need some of your support to sponsor this event either as an individual or corporate to make this event successful.

Thank you very much.  
Srikandi
